1. GMDN Website – Account Management – Step-by-Step Guide

This is a Step-by-Step Guide for account management by adding and modifying user settings on the GMDN website.

The user of the GMDN website with the appropriate account permission can add, modify, and delete user profiles associated with their membership account.

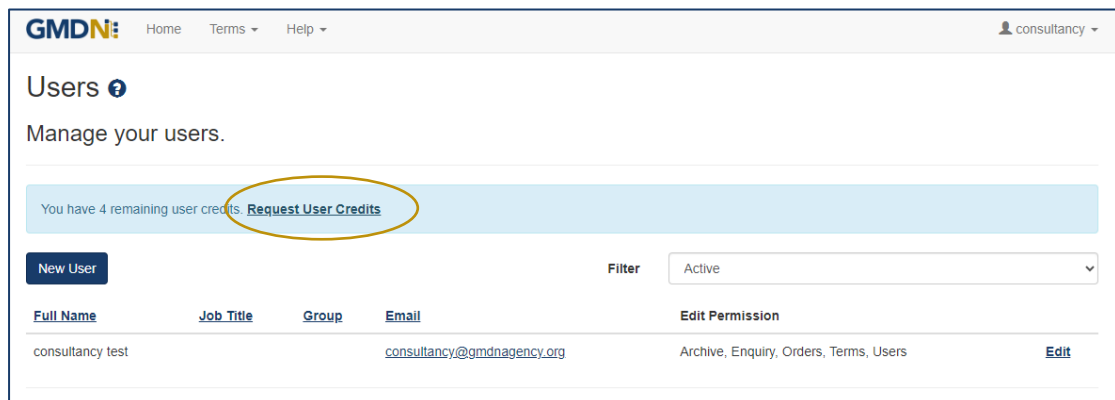

1. Login to the GMDN Database using your Username and Password.

The **Users** tab is found in the Account dropdown menu at the top right of the webpage (with the person icon).

2. By clicking on **Users** the list of existing users will be listed for your account.

Note: new accounts will only list the details of the user that registered the account.

3. The list can be sorted by username, Email address, Group or Job Title. The **Job Title** and **Group** fields are user defined and maybe useful to help organise and sort your users.

4. Each account when first activated, is provided with a certain number of user credits which are used to add more users. If you require more, they can be requested using the [Request User Credits](#) button.

5. The permissions can be added or removed according to your preference.

Permission	Description
User	Can add, modify and delete users on their account
Orders	Can order and pay for membership
Terms	Can search for and reveal GMDN Codes
Enquiry	Can send a new product enquiry
Archive	Can add a Term to the Term Archive folder
Default (none of the above)	Can search the database, but cannot reveal GMDN Codes

The membership applicant will have all permissions enabled and will thereafter be able to add new users and set permissions for them.

6. To add a new user select [New User](#).

GMDN: Home Terms Help

7. Fill in the user details and select the **Save** button.

Only the First Name, Last Name and Email Address are mandatory fields.

Remember to select the **Edit Permissions** options to give the user the access they need.

8. When the **Save** button is pressed the user will be added to your list.

An email will be sent to the new user to inform them of their username and initial password. We recommend the password is changed when the new user accesses the GMDN website for the first time.

Dear Test Three,

Your GMDN user account has been created with the following details.

Username: test3@gmdnagency.org

Password: gLCMhZiK

You can now access your GMDN account at www.gmdnagency.org

Regards
GMDN Agency

2. GMDN Website – Search – Step-by-Step Guide

This is a Step-by-Step Guide for searching for GMDN Codes using the GMDN website.

The GMDN Search uses a 'browser like' search algorithm to find GMDN Terms using key words.

1. Logon to the GMDN Database using your Username and Password.
2. Click on *Search* on the *Terms* dropdown menu.

3. In the box, type in the keyword(s) for the medical device you are looking for.

Formatting the search text can help narrow down the search. For example:

cardiac OR catheter creates an 'either of the words' filter and will produce over 1,170 results.

cardiac catheter is an 'all of the words' filter and will produce over 110 results.

"cardiac catheter" uses "the exact phrase" filter and will produce about 20 results.

cardiac NOT valve will remove the word 'valve' from the 'cardiac catheter' results.

GMDN Code (Example 12345) will return the relevant GMDN Term.

4. The **Advanced** tab provides additional filters to narrow the search by Term Modification Date and searching in specific user locations, such as the **My Terms** list.

Specific searches can include 'obsolete' GMDN Terms.

In the example below, the Advance search criteria is looking for all Terms that contain the word 'stent' that have been modified in the 'last 6 months' that will also include 'obsolete' Terms.

The screenshot shows the 'Search' interface with the following details:

- Search input: **Stent**
- Language: **English**
- Buttons: **Advanced**, **Reset**, **My Shortlist**
- Filters (circled in yellow):
 - Location:** GMDN Terms
 - Modified:** 6 Months
 - Include Obsolete:**
 - Row Per Page:** 25
 - Show Definitions:**
- Examples: `stent, aorta stent, aorta OR stent, aorta NOT stent, "aortic stent", "stent", 62572 47685`
- Note: Translations may not be available for some terms.

5. Click on the **Search** button or press Return and the results are displayed in a list form.

The Term Definition is revealed by clicking on the Term Name.

The screenshot shows the search results for the keyword 'syringe'. The search button is circled in yellow. The results table has the following structure:

Name	Code	Status
<p>Intensive-care physiologic-monitoring medication infusion system</p> <p>An assembly of electrically-powered devices intended for: 1) monitoring patient vital physiological parameters (e.g., ECG, noninvasive blood pressure (NIBP), pulse rate, temperature, haemoglobin oxygen saturation (SpO2)); 2) software-assisted diagnosis of high-risk clinical conditions and generation of medication therapy algorithms according to the patient's physiological state; and 3) infusion of therapeutic medications/drugs (e.g., insulin, thrombolytics) following clinician selection/confirmation of recommended therapy. It is used in emergency, critical care, and postoperative settings and includes a patient monitor, sensors, syringe/infusion pump, and computer/software.</p>		Active

The 'Details' link in the status column is circled in yellow. The footer contains: [Contact Us](#), [Cookie Policy](#), [Privacy Policy](#), [Licence Agreement](#), [Terms of Website Use](#), [Copyright Statement](#), Build 2023.11.14 © 2023 GMDN Agency Ltd.

The results are prioritised according to if the search text is found in the Term Name or Term Definition. The list is presented in Term Name alphabetical order with the priority being when

the search text is in the Terms Name and next if the search text is only found in the Term Definition. The search text is highlighted.

By clicking the Term *Details* link, you can see more information belonging to that Term, including a translation of the text, if available.

The screenshot shows the 'Term Details' page for 'Bedside syringe pump'. At the top, there is a navigation bar with 'GMDN', 'Home', 'Terms', and 'Help' menus, and a user profile 'manufacturer'. Below the navigation bar, a blue banner indicates 'You have 51 remaining code credits' with a 'Get Code Credits' link. The main content area displays the term's details: Name (Bedside syringe pump), Definition (A mains electricity (AC-powered) non-ambulatory device...), Code, Status (Active), Created Date (17 May 2004), Modified Date (13 Jun 2022), and Reason for modification/obsolescence. Below this information are several buttons: 'Get Code', 'Add to My Shortlist', 'Add to Enquiry', 'Move to My Archive', and 'Return to My Terms'. The 'Add to My Shortlist' button is circled in orange. Below the buttons is a note: 'Note: Terms in "My Archive" do not generate reports.' Underneath is a 'Translations' section with a 'Language' dropdown menu set to '- Select -'. Below the translations is a 'Categories' section, also circled in orange, which provides a breadcrumb trail of related terms: 'Device function / Sterilization/Canulation/Fluid path devices / Fluid infusion/injection devices / Infusion pumps and associated devices / Infusion pumps / Nonimplantable infusion/syringe pumps', 'Names Index / Infusion pumps and associated devices / Infusion pumps / Nonimplantable infusion/syringe pumps', 'Names Index / Pumps and associated devices / Pumps / Infusion pumps / Nonimplantable infusion/syringe pumps', and 'Names Index / Syringes/injectors and associated devices'.

One of the advance features of the *Term Details* view is the use of *Categories*. This uses the new GMDN Advanced Search to view all the Terms that are related by linking it to other GMDN Terms with similar characteristics.

6. To see the 5-digit GMDN Code, you must use your Code Credits. You can do this by clicking the *Get Code* button. Note: New Memberships will have an allocated Code credit starter allowance.

At any point, you can click on *Add to My Shortlist*. You can review Terms added to *My Shortlist* for transfer to *My Terms* by selecting *My Shortlist* on the dropdown menu under *Terms* at the top of the webpage.

If the Term is already in *My Shortlist*, the button will become *green*. If the Term is already in *My Terms*, the GMDN Code will appear.

Note: The Term Code won't be revealed until the member opens *My Shortlist* and confirms the purchase by clicking on the *Get* or *Get All* button. This will use one or more Codes credits.

7. A list of GMDN Terms in *My Shortlist* will be displayed to review.

Terms can be selected or removed individually or as a group.

My Shortlist

Compare and review your chosen Terms before purchase.

You have 51 remaining code credits. [Get Code Credits](#)

13 term(s)

Name	Status
Abdominal fluid shunt system An assembly of implantable devices designed to actively drain ascitic fluid (ascites) from the abdominal cavity into the bladder for urinary voiding. It typically consists of a battery-powered, programmable pump implanted beneath the skin of the abdomen in a surgically-created pocket, and fluid draining catheters (one placed in the cavity (e.g., peritoneal) for fluid collection, and another that connects the pump to the urinary bladder). The pump is typically charged and programmed transcutaneously using a noninvasive hand-held charger/programmer; some pumps are able to wirelessly transmit performance data to an external device.	Active <input type="button" value="Get"/> <input type="button" value="Remove"/> Details
Abdominal/ENT/orthopaedic surgical probe, reusable A slender, rod-like, hand-held manual surgical instrument intended to be used to explore cavities, wounds or fistulas during abdominal, ENT, and/or orthopaedic surgical interventions; it does not include stereotactic devices and is not dedicated to endoscopy. It may have a blunt bulbous, paddle-like, or pointed tip, may be single- or double-ended, and the shaft may be straight, bent or hooked. It is made of rigid or flexible metallic and/or synthetic polymer material. This is a reusable device.	Active <input type="button" value="Get"/> <input type="button" value="Remove"/> Details

8. Terms that you have purchased will be stored in the **My Terms** list (in the *Terms* dropdown menu) and the Codes are also displayed. This is your organisation’s collection of GMDN Terms and the GMDN Agency monitors this list for you and informs you if a change in the status of any Term occurs.

My Terms

View your purchased GMDN Codes for your devices.

Language: English Status: - Select -

109 term(s)

Purchased	Name	Code	Status
17 Aug 2023	Ligament graft sizer, invasive	63000	Obsolete Details
03 Aug 2023	Microscopy mounting medium IVD	43550	Active Details
08 Mar 2023	Abdominal binder, reusable	47217	Active Details
08 Mar 2023	Surgical/medical face mask, antimicrobial, single-use	66197	Active Details

This list of Terms the **My Terms** list can also be exported from the website in a convenient XML format file. This file format allows the data to be imported into most popular applications, such as a spreadsheet.

The list can also be filtered and sorted by several different fields, useful if you have a long list of Terms.

9. If you are no longer using a GMDN Term for your product, you can remove it from your *My Terms* list by moving to *My Archive*. The *My Archive* list is found in the *Terms* menu. A Term can be un-archived and returned to the *My Terms* list at any time. It will then continue to be monitored by the GMDN Agency.

If you search for a GMDN Term and it is already in your *My Archive* the GMDN Code will be displayed with a strikethrough, as seen in the example below.

Name	Code	Status	
Abdominal aorta endovascular stent-graft deployment aid <small>A nonimplantable device designed to aid stability and control of the single-use delivery system during the deployment of an abdominal aorta stent-graft to repair an abdominal aortic aneurysm (AAA). This device, which is a separate attachment and does not have any patient contact, is attached to the AAA stent delivery system handle and may provide the surgeon with better mechanical control and stability during stent deployment, particularly in cases of difficult patient anatomy. It is typically made of moulded plastic and metal, and may be interchanged between delivery systems during a single implant. This is a single-use device.</small>	56295	Active	Shortlist Details

3. GMDN Website – Advanced Search – Step-by-Step Guide (non-basic users)

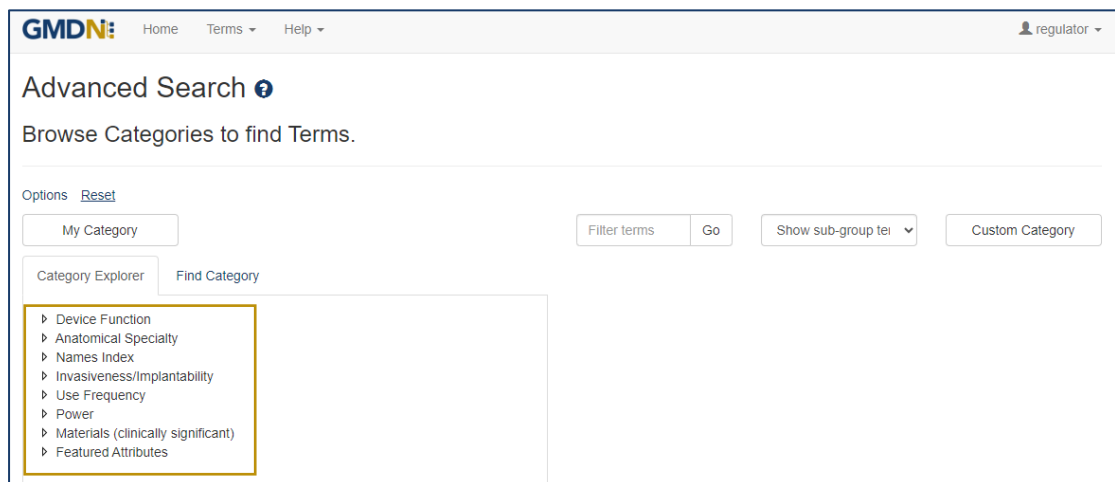

This is a Step-by-Step Guide for searching for GMDN Codes using the Advanced Search function on the GMDN website. It is available for all users, except those with a basic membership account.

The Advanced Search uses the structured hierarchy of the GMDN Categories to allow users to find GMDN Terms using a 'top down' search. To access the Advanced Search:

1. Logon to the GMDN Database using your Username and Password.
2. Click on *Advanced Search* on the *Terms drop down* menu.

3. The *Advanced Search* displays the eight Category headers which group the GMDN Categories. For example, Categories such as Tissue reparation devices, Endoscopic devices, In-vitro diagnostic devices (IVDs) fall under the Device Function header, Cardiovascular devices, Neurological devices, Orthopaedic devices etc fall under Anatomical Speciality and so on. The structure of the hierarchy is revealed by clicking on the arrows to display the Categories under each Header.

4. The list of GMDN Terms in each GMDN Category is revealed by clicking on the Category. The *Term Definition* is revealed by clicking on the *Term Name*. By clicking on the *Details* link, you can see more information relating to that Term, including a translation of the text, if available.

Name	Code	Status	Details
Auditory brainstem implant system An assembly of electronic devices intended to restore useful hearing to a deaf patient via electrical stimulation of the brainstem's cochlear nucleus. It typically includes an external speech processor and microphone/headset to transform acoustical signals into an electrical code, which is transmitted from the headset to a surgically implanted receiver-stimulator where it is decoded and delivered to a multichannel electrode array. The array is surgically placed on the cochlear nucleus, which when stimulated results in the signal's transmission to the brain where it is interpreted as sound. An auditory brainstem implant (ABI) is used to treat deafness resulting from auditory nerve tumours.	47285	Active	Details

Term Details

Name: CPAP/BPAP face mask, reusable

Definition: A flexible, form-shaped device designed to be placed over a user's nose and mouth to interface with a continuous positive airway pressure (CPAP) or bi-level positive airway pressure (BPAP) unit to provide the respiratory tract with direct ambient air, or medical oxygen (O2) and air, at a higher pressure than ambient air for noninvasive positive pressure ventilation (NPPV). It is typically made of plastic and/or silicone materials that create an airtight seal around the nose and mouth. It is available in various designs and sizes and stabilized with a headstrap. This is a reusable device.

On each 'Terms Details' page is a breadcrumb trail of all Categories linked to that GMDN Term. These are all functional links, which lead back to the hierarchy on the Advanced Search page.

5. You can also multi-select up to five different GMDN Categories to narrow down your search for a GMDN Term. The example, below shows the result of a multi-select search, using the *Bariatric Therapy Devices* GMDN Category under *Device Function* and *Gastro-Urological Devices* GMDN Category under the *Anatomical Speciality* node.

The resulting 35 GMDN Terms have both of these categories in common. These can be further refined to create a shorter list of Terms to choose from, by selecting more Categories.

Additionally, the Advanced Search page also has independent scroll bars for the GMDN Categories and GMDN Terms so you can move up and down each column.

3. Click on *Export* and the list of Terms will be saved to the default location on your device (usually the 'Downloads' folder) in the XML format. The XML format has been chosen because it is compatible with the GMDN Database and is easily converted and imported into all software packages for further analysis.

4. To import the data into an Excel Spreadsheet. Start Excel with a Blank Workbook. Click *File* and *Open* and locate and select the XML file you downloaded. Click *Open* and Excel will display the following dialogue box

Click *OK*. Another dialogue box may be displayed. Click *OK*.

6. The data will be imported into the Worksheet.

5. GMDN – My Categories – Step-by-Step Guide

This is a Step-by-Step Guide for using the My Categories function on the GMDN website. This function allows you to add specific GMDN Categories to your account that are of interest to you or your organisation.

The user of the GMDN website with the appropriate account permission can add, modify, and delete My Categories associated with their membership account.

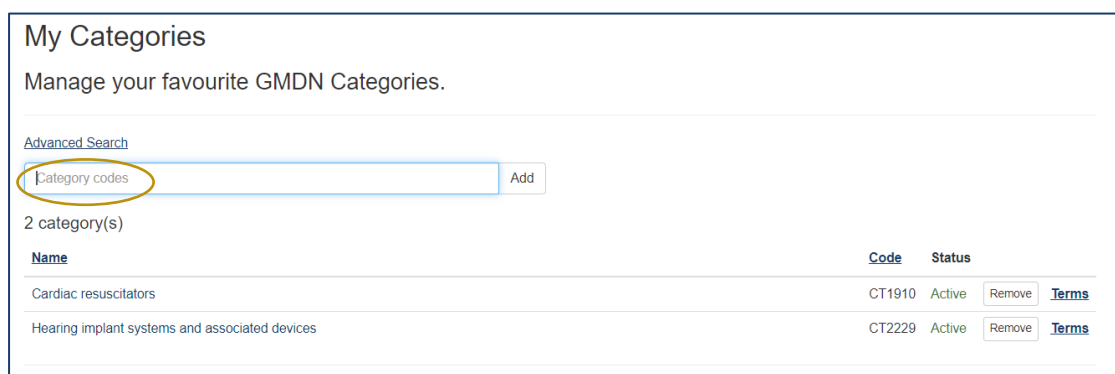

1. Login to the GMDN Database using your Username and Password.

The *My Categories* option is found in the *Terms* dropdown menu.

2. By clicking on *My Categories* the list of existing My Categories on your account will be listed.

To add a new My Category if you already know the GMDN Category Code you can input it in the text box and select *Add*.

3. Another way to add a GMDN Category to your My Category list is to use the *Advanced Search* tool. This can either be found on the *Terms* dropdown menu or using the *Advanced Search* link from the My Categories page.

4. On the Advanced Search page use the *Category Explorer* to select the Category that you would like to add, when a GMDN Category is selected it will become bold. Then click on the *My Category* button.

Please note you can only add one GMDN Category at a time to your *My Categories* list.

5. The selected GMDN Category has now been added to your *My Categories* list.

members.gmdnagency.org says

Successfully added to your My Categories.

[OK](#)

6. On the My Categories page you can view the GMDN Terms within your selected GMDN Categories by selecting the **Terms** button. You can also remove any GMDN Category from your list if you no longer require it by using the **Remove** button.

6. GMDN Website - Enquiry – Step-by-Step Guide

This is a Step-by-Step Guide for submitting an Enquiry for new or modified GMDN Codes using the GMDN website.

If after using the GMDN Search or GMDN Advanced Search tools a user cannot find a relevant GMDN Term for their product, they are invited to submit an *Enquiry*. The Enquiry process is the only method of seeking assistance from the GMDN Agency in identifying GMDN Terms. The outcome of an *Enquiry* will be one of the following:

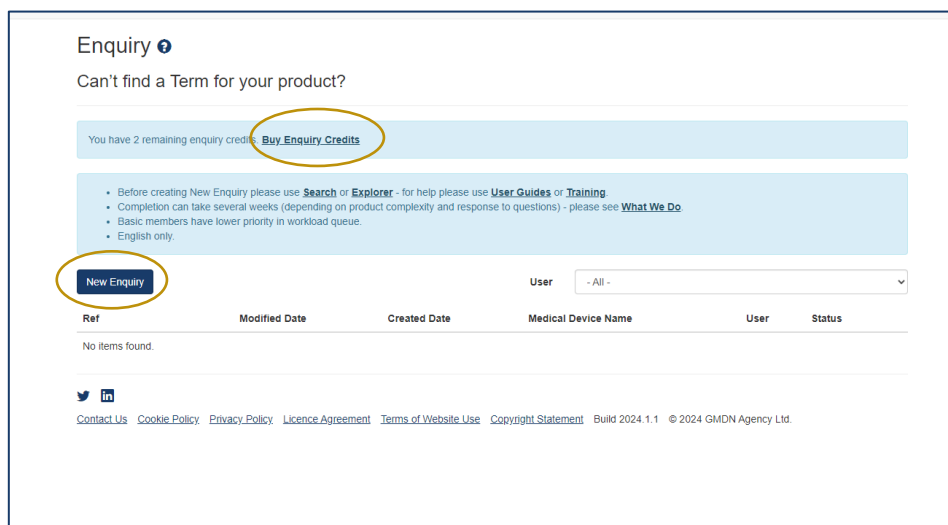

- a. The GMDN Agency identifies an existing GMDN Term.
- b. An existing GMDN Term is modified to include the new product's characteristics.
- c. A new GMDN Term is created.

1. Logon to the GMDN Database using your Username and Password.

2. Click on *Enquiry* on the dropdown list in the *Help* menu.

3. The *Enquiry* screen displays all the previous enquiries submitted from the same account. A filter is available to list all enquires by a specific user applicant. This page is also used to monitor progress on all outstanding enquires. As a Consultancy or Commercial Organisation member you receive *2 Free Enquiry Service Credits*, any subsequent Enquiries are charged at £100 per submission.

4. Click on **New Enquiry** to start filling in product details.

All information provided to the GMDN Agency is confidential to us and is subject to current Data Protection Law. For more information, please see our **Privacy Policy**, found in the footer of all webpages.

Enquiry

Step 1

Product details.

Your Email: manufacturer@gmdnagency.org
[My Profile](#)

Medical Device Name (circled)
Brand/Trade/Proprietary Name or Common Name

Manufacturer (circled)

Model (circled)

Catalogue / Reference (REF)

Files: **Choose Files** (circled) No file chosen
Please supply documentation (e.g. IFU, brochure) which includes an image.
Supports Images, Adobe Acrobat, Microsoft Word.

Uri: http://www.example.com

Reason (circled)
Why do you require a GMDN term i.e. which Regulator or other body is asking you to provide a GMDN term?

Step 2

General medical device
 In Vitro Diagnostic (IVD)
 Software

Please choose your enquiry type to proceed to the next step.

◀ Back Cancel Next ▶

The **Medical Device Name**, **Manufacturer**, **Model** and **Reason** are mandatory data fields. This information is used by us to help identify the device but is not necessarily used in the final GMDN Term Name or Definition.

Please also attach a File which contains the product information by using the **Choose File** button. For example, an 'Instruction for Use' (IFU) or product brochure. This is also a mandatory field.

You can also provide a **Catalogue/Reference (REF)** and a relevant URL if applicable; this is not a mandatory field however it may increase the speed of the Enquiry process.

5. At the bottom of the page, Step 2 asks what type of device the enquiry relates to. This is used to determine the next set of questions we ask about the product. There are three options. Select the relevant option and click next.

- a. **General medical device** – where the primary product is a general medical device.
- b. **In Vitro Diagnostic (IVD)** – where an IVD is the primary product.
- c. **Software** – where software is the primary product

- a. **General medical device** is for products that are to be used as a medical device only and will ask questions related to that specific technology. Once you have completed the form click next.

- b. **In Vitro Diagnostic (IVD)** will ask questions only related to IVDs. Once you have completed the form click next.

- c. **Software** is for software-based products only and will ask questions related to that specific technology. Once you have completed the form click next.

6. The *Summary* page is used to provide a final check on the product details prior to submission. Review the summary and when happy with it press submit.

< Back Cancel Submit >

7. Following submission, the GMDN Term is assessed by the GMDN Agency and allocated to a subject expert to review. The expert will contact you for more information if needed using a notification email. An example email is given below. The message contains a link to your *Enquiry*.

Dear XXXXXXXX

The GMDN Term Development Team has posted a message regarding your enquiry. This may be asking for more information or another comment regarding your enquiry. The Term development process cannot continue until the necessary information is received.

Enquiry - [EQ160001](#)

Regards
GMDN Agency

Any change to the status of an *Enquiry* will also be made to the *Alerts* page and is found in the Account dropdown menu at the top right of the webpage (with the person icon). There will always be an opportunity to discuss the outcome of the Enquiry with the GMDN expert.

8. Following the satisfactory completion of the Enquiry, it will be closed. The history will still be available for future reference in the *Enquiry* page.

7. GMDN Website – Managing Obsolete Terms – Step-by-Step Guide

This is a Step-by-Step Guide to help with managing obsolete GMDN Terms using the GMDN website.

You will only receive notification of Term being made obsolete if that Term is currently listed in your *My Terms* list.

If one of the GMDN Terms you have been using is made obsolete you can verify this by one of these three methods:

- Email notification
- Alerts
- My Terms List

Email notification

The email notification will be sent to all users that are eligible and have the *Term Changes* box ticked in their *My Profile* as below. *My Profile* can be found in the Account dropdown menu at the top right of the webpage (with the person icon).

The screenshot shows the 'My Profile' page on the GMDN website. The page title is 'My Profile' and the subtitle is 'Modify your personal details.' The page is divided into two main sections: 'Personal Details' and 'How we communicate with you'. In the 'Personal Details' section, there are input fields for Prefix, First Name (consultancy), Middle Name, Last Name (test), Job Title, and Group. Below this is a section for 'User Name' (consultancy@gmdnagency.org), Email (consultancy@gmdnagency.org, marked as confirmed), and Phone. The 'How we communicate with you' section contains four checkboxes: 'Term Changes' (checked and circled in yellow), 'Term Changes for My Categories' (unchecked), 'Account Summary' (unchecked), and 'GMDN Focus' (checked). Each checkbox has a small explanatory text below it. At the bottom of the form are three buttons: 'Save', 'Confirm Email', and 'Change Password'.

An email in the format below will be provided.

Dear GMDN Member,

A GMDN Term in your My Terms list has been made obsolete. Please find an alternative by reviewing the Terms in the Explorer groups linked to the obsolete Term.

Additional notifications can be found in [Alerts](#)

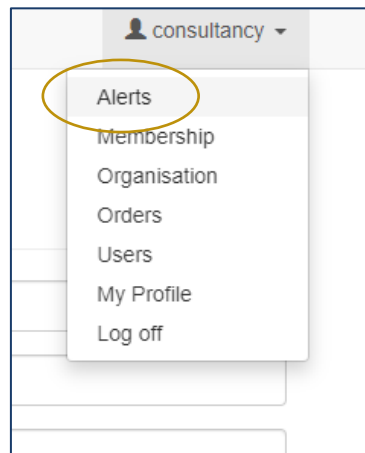

Obsolete - 10 Dec 2018 - [Fistula hook](#) (46769)

My Terms List

The *My Terms* list provide a list of all Terms that are monitored. The *My Terms* list can be found on the Terms dropdown menu at the top of the page.

The screenshot shows the GMDN website navigation bar with 'Home', 'Terms', and 'Help' menus. The 'Terms' dropdown menu is open, showing options like 'Search', 'Explorer', 'My Shortlist', 'My Terms', 'My Archive', 'Proposed', 'My Categories', 'Custom Categories', and 'Shared Custom Categories'. The 'My Terms' option is circled in orange. Below the menu, the 'My Terms' page is visible, showing a table with columns for 'Purchased', 'Name', 'Code', and 'Status'. The first row shows a term purchased on 01 Mar 2024 with code 56295 and status 'Active'.

The *My Terms* list can be sorted by purchase date, Term name, GMDN Code and status. The below example has been filtered by Obsolete status.

The screenshot shows the 'My Terms' page with filters for 'Export', 'EMDN', and 'Obsolete'. The 'Language' is set to 'English' and 'Status' is set to 'Obsolete'. The table shows 10 terms, with the first three rows visible. The first row is for a term purchased on 17 Aug 2023 with code 63000 and status 'Obsolete'. The 'Details' link for this term is circled in orange.

Purchased	Name	Code	Status	Details
17 Aug 2023	Ligament graft sizer, invasive	63000	Obsolete	Details
11 Nov 2020	Patient/medical device walker, clinical	46437	Obsolete	Details

Note: The appropriate Term may not always be found using the Categories link. You may need to initiate a fresh search using alternative wording. The GMDN Agency makes every effort to ensure that Terms that are made obsolete have an existing suitable Term available as a replacement, but if you have any difficulty in finding a suitable replacement please send us an [Enquiry](#).

The replacement Term will need to be sent to your customers that have previously used the obsolete Term to update their records.

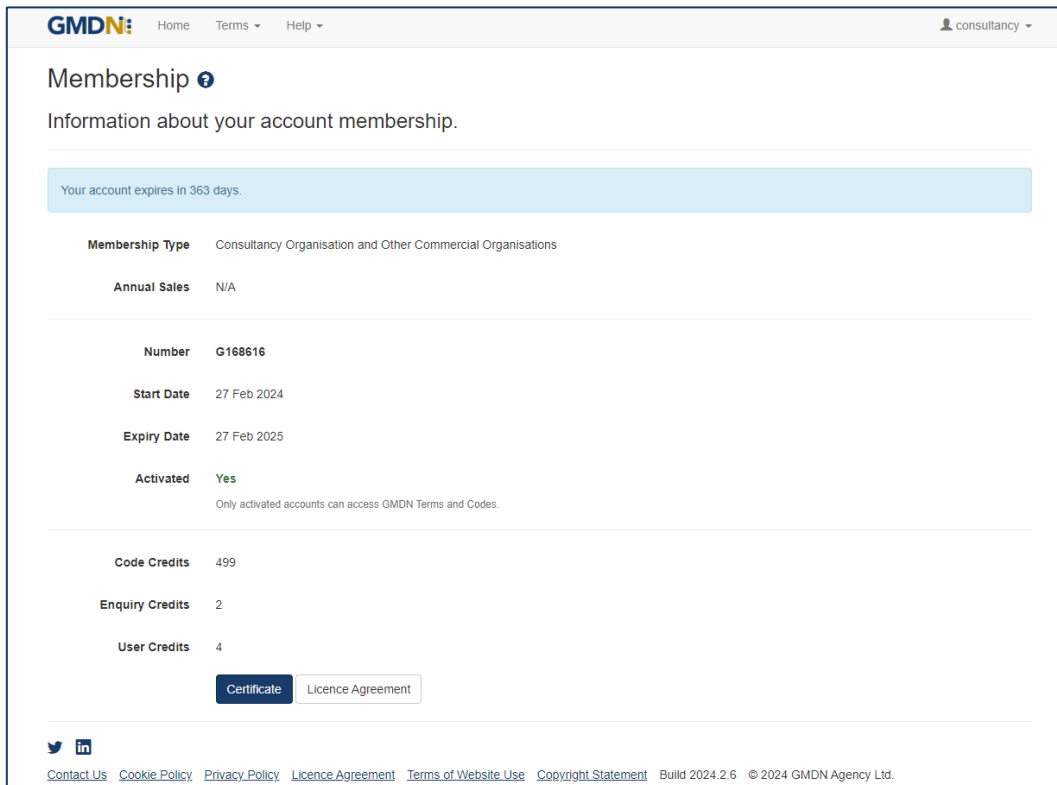

8. GMDN Agency – Membership Renewal Process (paid for membership access)

Guide for membership Renewal for existing GMDN Members, showing screen shots and system email messages.

1. The Membership status is always available to view in the *Membership* tab and is found in the Account dropdown menu at the top right of the webpage (with the person icon).

2. If you click on the *Membership* link, it will take you to your *Membership* page.

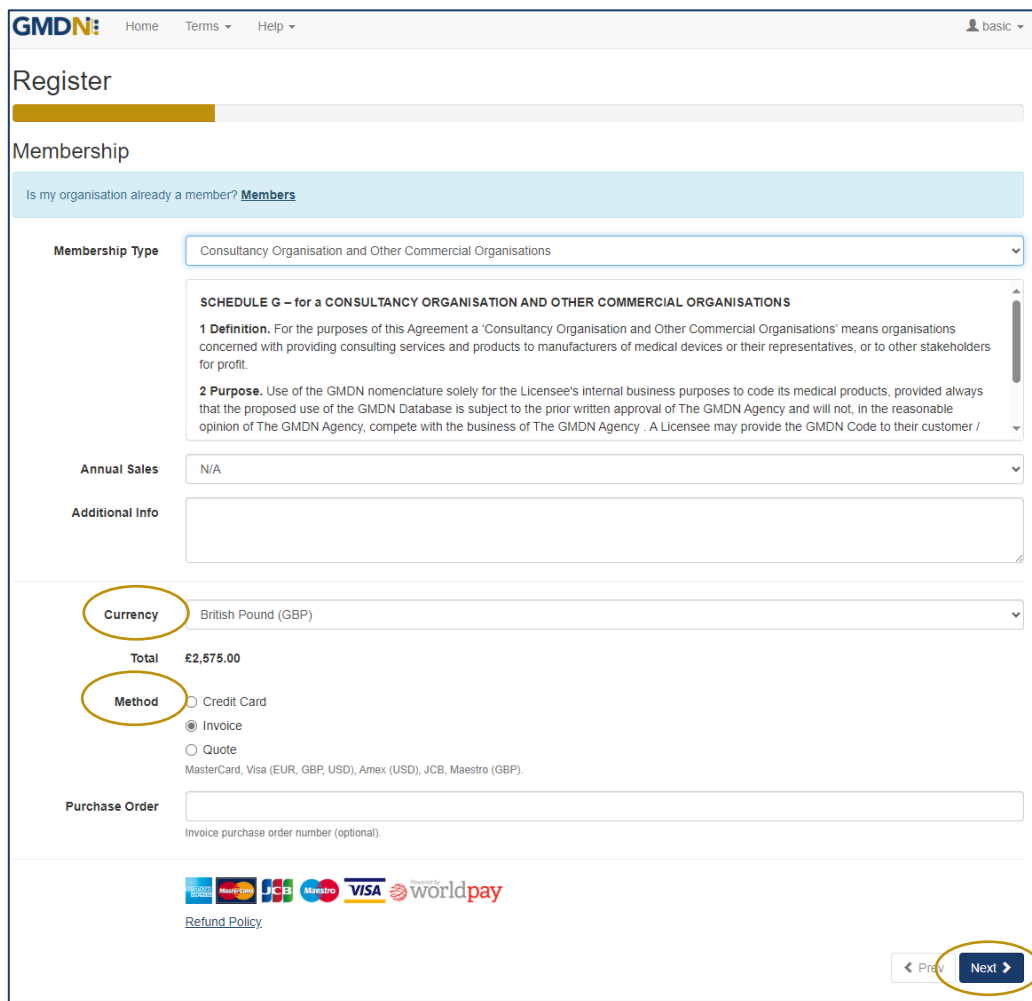

3. Membership can be renewed up to 3 months before it is due to expire and when available will be visible as a *Buy Membership* link on your *Membership* page.

4. When the user clicks the *Buy Membership* button, the *Membership Renewal* screen will be displayed.

You can choose which currency to pay in from \$ (USD), € (EUR) or £ (GBP). The default currency is £ (GBP).

Options for selecting payment method include *Credit Card* and *Invoice* as well as an option for a *Quote* if you need to raise a Purchase Order. A *Quote* can be converted to an Invoice at any time in the future. Once your payment method is selected click on the blue Next button.

5. At the next screen you must tick the 'I Accept These Terms & Conditions' box and click on the blue Finish button.

6. If an *Invoice* or *Quote* was requested it will automatically appear in the user's computer default 'Downloads' folder or you can download directly from the page.

7. For reference the order history on your account renewals can be seen in the *Orders* folder and is found in the Account dropdown menu at the top right of the webpage (with the person icon).

8. If a *Credit Card* payment option was selected the user will be redirected to our secure payment area and *Credit Card* details entered.

Credit Card payment options are now MasterCard & Visa for \$ (USD), € (EUR) or £ (GBP) currencies and American Express \$ (USD) only.

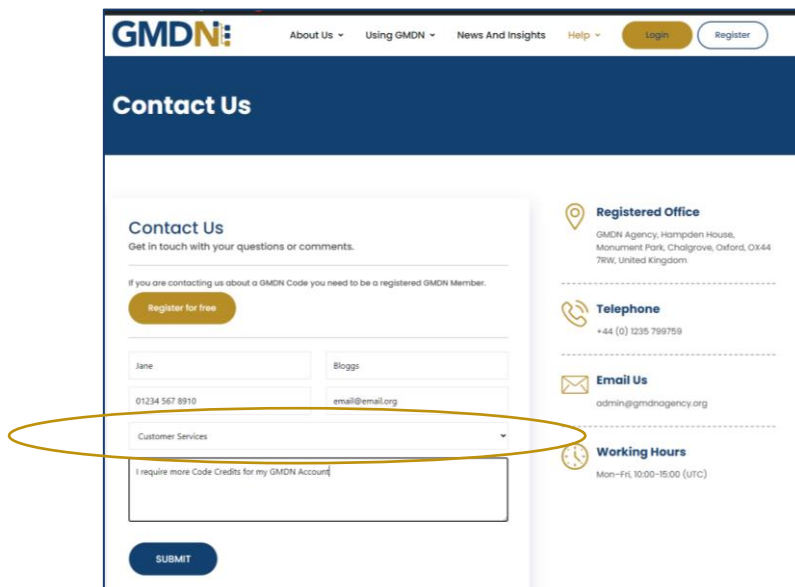

9. The user will be returned to the GMDN Website after the payment has been accepted and will be able to confirm the order has been paid by looking in the *Orders* page.

10. The user can obtain a payment receipt using the *View* button and clicking on *Receipt*.

11. If you run out of Code Credits you can click on *Get Code Credits* at any time from either the *Orders* page or the *Alerts* page or in *My Shortlist* on the *Terms* dropdown menu on the site header.

This will direct you to complete a contact us form. Please select *Customer Services* on the dropdown menu and our Customer Services Team will contact you to discuss options.

9. Stay in touch with the GMDN Agency

We have an 'opt-in' newsletter, which you can subscribe to, to stay ahead with news about the Agency and any key developments regarding the GMDN data set.

To opt-in to these options please tick the relevant box in *My Profile* as below. *My Profile* can be found in the Account dropdown menu at the top right of the webpage (with the person icon).

From time to time, we may request your input when reviewing our GMDN Terms. This is an important part of maintaining the Terminology to ensure that it always represents devices on the market as accurately as possible. We also understand that this requires time on your part, and we are very appreciative of the responses and any additional information that you provide.

The GMDN is also on social media platforms such as [LinkedIn](#), where we share news and other interesting articles from within the MedTech industry.

If you have any questions, please contact us at this [link](#).
